## COTTON SELLING AT TEN CENTS A POUND

### Staple Has Been Steadily Advancing Past Few Days.

### BULLS CONTROLLING MARKET

**Price Advanced $2.50 per Bale Today. The Cause of the Rise Was the Bull Campaign and the Outlook Being a Poor Crop This Season.**

New Orleans, June 29.—An unusual splurge occurred in the cotton market today. Prices leaped from 47 to 50 points in the active future positions.

At least a thousand bales of good middling early in the day sold at 10 cents, an advance of 3-8c over yesterday's close.

Unusual excitement attended the trading around the ring. The market opened excited at an advance of 18 to 19 points in the active positions. Some heavy selling orders on the call were quickly taken up. The upward tendency was steady and early in the afternoon the advance was equal to about $2.50 per bale. At that time July was up 45 points at 9.64; October 45 points at 9.54, and December 46 points at 9.60.

The cause of the rise was the development of the bull campaign and the bullish crop news.

#### New York Market.

New York, June 29.—The cotton market opened strong at an advance of 10 to 17 points in response to higher cables. There was heavy realizing, but there was also an active and excited demand, and after the market had reacted a couple of points, prices again advanced to a net gain of about 20 to 21 points, followed by both the English and southern market.

Spot advices continued sensationally firm and while the weather was considered favorable, the bulls still claim that prospects favor a small crop for next season.

At midday the market continued feverish with prices a little off from the best, but still from 25 to 27 points net higher. There were very heavy realizing orders but one very small drop in prices there was bull support and shorts continued very nervous.

Spot cotton, quiet. Middling uplands, 9.75c; middling gulf, 10 cents.

### CONDITION AT LODZ UNCHANGED

**Seven Thousand Men on Strike—Martial Law Prevails.**

Warsaw, Russian Poland, June 28.—2:05 p. m.—The conditions at Lodz are unchanged, excepting that most of the workmen have returned to work. Out of 60,000 men about 7,000 from 2 factories remained out.

Martial law still prevails, the streets are constantly patrolled and the liquor shops are all closed. The universal condemnation of the strike movement at Lodz has had the effect of quieting the situation, and it is expected that the remaining strikers will soon resume work. There was a reiteration on the Warsaw Bourse today of the rumor of the mobilization of the troops in Russian Poland had commenced, and possibly might be expected in Warsaw in two days, and it caused consiferable excitement. It is claimed if mobilization is attempted here it will lead to serious disturbances.

#### Kuropatkin Reported Killed.

St. Petersburg, June 28.—2 a. m.—A rumor spread throughout the city last night that General Kuropatkin had been killed. This rumor was connected sometimes with a report that 70,000 Russians had been cut off by General Nogi's army, and that Kuropatkin had been taken prisoner.

#### Trying to Settle with Norway.

Stockholm, Sweden, June 29.—The special committee of both houses to which has been referred the Swedish government bill looking to a settlement with Norway today elected Herr Lundeburg, vice president of the first chamber, chairman, and Herr Behrman, vice president of the second chamber, as deputy chairman.

### GREAT BRITAIN IS BLAMED

**For Crisis Between Germany and France By Russ Paper.**

St. Petersburg, June 29.—At Great Britain's door the Novoe Vremya lays much of the responsibility for the Franco-German crisis saying she is pursuing her traditional policy of encouraging a conflict between her competitors in order to profit thereby.

"Great Britain," the paper adds "pushed France into the Morocco adventure, sustaining M. Delcasse, foreign minister, in his resistance to Germany's claim. For decades Great Britain has pursued this policy, Russia no longer being dangerous for the present, all Great Great Britain's machinations were set in motion against Germany, now her chief competitor in Europe. The Novoe Vremya thinks it quite conceivable that the case of a conflict, Great Britain will aid France to the extent of destroying the German fleet and that then, with both France and Germany weakened, her supremacy would be assured for another half century. The Novoe Vremya, however, believes that With Premier Rouvier in charge of the negotiations with France, Great Britain's plans will be defeated and the Moroccan affair will be satisfactorily adjusted.

### MAY BE PARTIAL SETTLEMENT.

**In Chicago Between Striking Teamsters and the Employers.**

Chicago, June 29.—A settlement of the teamsters' strike, insofar as it affects the United Employers' association of wod industries, was expected to be considered today by a committee appointed by the Teamsters' joint council and a committee representing the association. The committee appointed by the council is composed of President Shea, Albert Young from the Coal Teamsters' union; James Barry, from the Railway Express Drivers union; Thomas Hughes, of the Limestone and Cement Teamsters' union; Joseph McCarthy, of the Truck Drivers' union and W. J. Gibbons, president of the Teamsters' joint council.

At a meeting of the truck drivers union the peace terms of the employers was rejected unanimously. Business Agent Jerry McCarthy, announced that the Louis W. Stayart Co., employing 15 drivers, had agreed to discharge its nonunion teamsters and re-employ union drivers. This concern is a member of the commercial exchange and according to McCarthy, its action marks the first break in the ranks of that organization.

#### Indiana Bank Closes Door.

Terre Haute, Ind., June 29.—The Vigo county National bank, on which there has been a run for the last two days, closed its dors this morning. A national bank examiner is in charge. The bank's statement on June 1 shows assets and liabilities of $1,564,968. The discovered shortage of Cashier Conzman precipitated the run which led to the bank's closing today. The directors were in session nearly all night and it is being rumored today that the shortage of Cashier Conzman will be much larger than the admitted $16,000. The Indiana organization of the United Mine workers of America has $90,000 deposited in the bank, which it tried to withdraw, but was unsuccessful.

#### Mrs. Potter Bankrupt.

London, June 29.—Mrs. James Brown Potter's household effects and furniture were sold at auction under a bill of sale which she signed "To pay the poor people working in the theater." Nothing was omitted from the comprehensive catalog, from six brownware teapots to a new Panhard motor car in the coach house. Other items included an old Chinese screen presented to the actress by the late Li Hung Chang, Collier's portrait of Mrs. Potter as Miladi, three horses and four carriages. Bray Lodge itself will be sold next Thursday.

#### Mutiny on Board Battleship.

Odessa, June 29.—The crew of a battleship in the roads have mutinied and murdered their officers. It is reported that the mutineers are threatening to bombard the town. All work at the port has been stopped.

## GEORGIA SOLONS MEET IN ATLANTA

### Senate and House Called To Order Promptly On Time.

### DEADLOCK IN STATE SENATE

**Seventeen Ballots and No Choice for President—No Opposition in the House—Inauguration of Governor This Week.**

Atlanta, June 29—The Georgia legislature convened in anaual session at the state capitol at 10 o'clock a. m.

The senate was called to order by Clerk Northen. The election of a president being the first business, the senators proceeded to ballot after the nominations of the candidates.

After 17 ballots were taken and no choice declared, that body adjourned until 3 o'clock p. m.

The 17th ballot stood as follows:

Candler, 17; West 17; Miller, 7; Blalock, 3.

In the house of representatives, Hon. John M. Slaton, of Fulton, was elected speaker. Hon Clem E. Dunbar, of Richmond, speaker pro tem., and Hon. John H. Boiffeuillet, of Bibb, clerk. They were all elected unanimously.

One of the most interesting and important events of the week will be the inauguration of the new governor on Saturday at noon, when Governor Joseph M. Terrell will be sworn in to succeed himself for a term of two years. The oath will be administered as is customary, by Chief Justice T. J. Simmons, of the supreme court in the presence of the joint session of the house and senate, after which Governor Terrell will make a brief inaugural address. This will conclude the day's ceremony.

Between today and Saturday the time will be devoted largely to preliminary business. Many members have come to Atlanta with bills in their pockets all ready to be introduced, and it is expected several hundred of these will reach the clerk's desk before the week is over. They will be assigned to the proper committees and these committees will take charge of them as soon as they are announced.

The rules committee will probably be apointed in advance of the others, as it will have the important work of framing rules for the government of the new house. In a large measure these rules will be the same as those used by the last house, but a number of material changes are anticipated.

#### Steel Trust Buys Railroad.

Piftsburg, June 28.—The Times today says that the Lake Erie and Pittsburg railroad, now in course of construction between Lorain, O., and Pittsburg has been purchased by the United States Steel corporation at a cost of several million dollars, the deal, it is said, being the largest railroad transaction ever made in this district. The road will be completed as soon as possible and officials of the corporation expect to handle the majority of its ore and finished product, between Pittsburg and the lakes, over the new road by this time next year. The action of the steel officials gives color to the statement made by one of the higher officials of the company that within the next ten years the corporation would handle the most of its tonnage over its own roads."

#### Southern Train Derailed.

Washington, June 29.—Train No. 28, known as the Washington and South western Limited, of the Southern, bound northward, was derailed at Springfield, Va., this morning. No one was killed, and so far as can be learned, only three were injured. Telfair Stockton, of Jacksonville, Fla., received a cut on the leg and hand; Miss Alice Hutchinson, of Leesburg, Va., was slightly bruised, and a boy, the son of William Tuener, of Atlanta Ga., was slightly cut on the head. All the passengers were transferred at Springfield and arrived here four hours late. The cause of the accident is not known.

### PRESIDENT VISITS HARVARD.

**Attends Cmmencement Exercises of His Alma Mater.**

Cambridge, Mass., June 29—The second day of President Rosevelt's visit to Harvard college to participate in the celebration incident to the 25th anniversary of the graduation of his class, that of 1880, included a varied program. Today was Harvard's annual commencement, and the visit of the president to his alma mater lent additional interest to an event that is always interesting. The president delivered the principal addresses at the alumni dinner and in addition participated in a number of festivities mostly of a private nature.

After having breakfast at the home of Bishop William Lawrence the president was driven to Mass Hall in front of which ancient structure the commencement procession was formed. The presidept was accompanied by Lieutenant Governor Guild who represented Governor Douglass, the latter being detailed by illness at his home in Brocton. The national Lancers garbed in their picturesque costumes, with red tunics and Chian caps, formed the president's escort.

The commencement exercises included the granting of diplomas to the graduates in the various departments of the university and the bestowal of honorary degrees.

### GENERAL LEE IS HONORED.

**Grand Army Post Has Campfire In His Behalf.**

Chicago, June 29.—For the second time in its history Columbia Post No. 70, Grand Army of the Republic, has given a campfire in honor of General Stephen Lee, of Vicksburg, commander of the Confederate Veterans of the south.

All of the confederate organizations of the city joined in the event. Addresses of welcome were delivered by General John Corson Smith, department commander of the Grand Army of the Republic for Illinois; Junior Commander Patton, of the National Grand Army of the Republic and other prominent veterans.

The feature of the bivouac was an appeal by the southern soldier for the return of the tattered flags and banners, from the Grand Army of the Republic trophy rooms to the men who bore them during the struggle of the sixties.

In referring to the recent action of congress providing for the return of the flags, now in the war offices at Washington to the confederate soldiers, General Lee said:

"I am glad the wound has healed so that these flags can be returned before those who loved them and bled for them are all under the sod."

#### Wheat in Storage for 13 Years.

Chicago, June 28.—To have storage charges on wheat accumulate until they exceed the value of the wheat has ocurred but a few times in the grain trade, but there are receipts for 5,000 bushels of No. 2 spring outstanding that were issued by the Armour company in October, 1892. The storage charge for 13 years is $1.15 per bushel, which exceeds the market value of the wheat by a comfortable margin. The Armour company has given notice that the grain must be claimed in two months or it will be sold.

#### Forest Fires on Yukon's Banks.

Seattle, Wash., June 29—Forest fires along the banks of the Yukon river, between the mouth of the Tanana river and Eagle City, have cut off all communication with Nome and St. Michaels and for the past four days the local cable office has been unable to establish any communication with points on the Bering sea. Fire is also raging on Prince of Wales Island, and many of the residents have fled to southeastern Alaska.

#### First Car of Peaches.

Calhoun, Ga., June 29.—The first car load of peaches of the Carmen variety has been shipped from Calhoun. The car had been loaded by the growers. The Elberta crop will be ready for market between July 1 and 15, and the fruit promises to be of the finest quality and size.

## CHINA BOYCOTTING AMERICAN GOODS

### Celestial Merchants Declare War Upon Uncle Sam.

### WILL NOT UNLOAD MERCHANDISE

**The Chinese by This Method Hope to Make This Government Modify the Exclusion Act, Which Pronibits the Chinese from Coming Here.**

San Francisco, June 29.—Edward Bellows, until recently United States consul in Japan, has arrived at San Francisco, aboard the Pacific Mail liner Manchuria.

Mr. Bellows brings renewed confirmation of the boycott which the merchants of China have declared upon the United States manufacturers and upon goods and merchandise coming from this country. He adds a new phase to the condition of affairs by bringing the information that the Orientals have carried the boycott to the extent that in many instances importers are having great difficulty in obtaining assistance in the unloading of America products. There can be no doubt that there is a determined effort on foot in China whereby it is hoped to bring pressure to bear upon the United States through the medium of a boycott, said Mr. Bellows.

The object as has been already exploited is to force this country to grant more liberal treatment to merchants and other Chinese who travel in the United States.

All over China the guilds are using their utmost to influence and bring about the desired effect. Many are harkening to their teachings. In the several ports hands who are accustomed to unloading the imported goods have been taught to leave untouched the merchandise brought from our country. This condition of affairs is likely to grow.

Of course, I am not saying how effectual this mode of procedure may prove. In fact, I think that there is no great cause for alarm.

Still, we must remember that in Germany and other nations we have worthy competitors in the Chinese trade and in what we lose is bound to be their gain to a certain extent, at least.

#### Will Co-operate with Chinese.

Penang, Straits Settlement, June 29.—A large meeting of the leading Chinese merchants here today decided to co-operate with the Chinese of Singapore and Shanghai in boycotting American products, pending the withdrawal of the Chinese exclusion act.

### GIRL MARRIES ENGLISHMAN.

**Miss Amy Phipps, an American Heiress, Weds in London.**

London, June 29.—Miss Amy Phipps, eldest daughter of Henry Phipps, of Pittsburg, was married this afternoon in St. George church, Hanover Square, to Captain Frederick Guest, of the First Life Guards of Lord Wimberd.

Much interest was taken in the wedding and the church was filled, the guests including Ambassador and Mrs. Whitelaw Reid, the staff of the American embassy, and most of the Americans prominent in London society, besides friends of the groom's family, noticeable among them being Princess Christian and the daughter of Princess Henry of Battenburg. The arch deacon of London, the venerable William McDonald Sinclair and the rector of St. George church officiated.

Mrs. Phipps gave away the bride, which was attended by two train-bearers and eight bridesmaids.

#### Actress Has Appendicitis.

New York, June 29.—Miss Ada Rehan, the actress, is stated by private advices from London to be suffering in that city from an attack of appendicitis. While her condition is said to be quite serious, it is believed an operation for the removal of the appendix will not be necessary.

# CARPENTERS' UNION EXTENDS THE TIME

## Nine-Hour Resolution Will Not Go Into Effect Until August 1.

### RESOLUTION RECONSIDERED

**Original Order Was to Begin the Nine-Hour System July 1, But Carpenters and Joiners Wanted to be Fair and Extended Time One Month.**

The Carpenters' and Joiners' Union, which a few weeks ago passed a resolution providing for nine hours' work instead of ten, effective July 1, have reconsidered the resolution. The reconsideration does not mean that the carpenters and joiners have "backed down," by any means, but they are a fair set as a rule, and it was merely through a desire to give the contractors thirty days' additional notice that a reconsideration was had, when the same resolution was again taken up and unanimously passed, the only difference being an extension of time of notice, the resolution now providing that the rule shall go into effect August 1.

**Want to be Fair.**

"We are willing to be fair with the contractors," remarked a prominent member and officer of the union to The Sun man Thursday. "All we want is justice, and we are going to give the contractors plenty of time to consider the matter. We have given them ample notice, and on August 1 we propose to get what we request—nine hours' work, but no increased pay.

"If the contractors will stop to consider they will grant his request without reluctance. They will see that the workmen will be enabled to do as much work in nine hours as in ten, because of the fact that it will give them more rest and they will naturally prove more active. Another thing is that they will feel the contractor is their friend and not disposed to 'squeeze' them to death and they will work with a lighter heart and more enthusiasm. It's a lot easier to get a good day's work in nine hours out of the average laborer, if you treat him right, than to get the same amount of work in ten hours if he thinks he is being 'squeezed.'"

**Contractor Whiting Acted.**

Contractor Whiting did not wait for this resolution to go into effect, but has been working his men on a nine-hour basis for several weeks. Mr. Whiting seems well pleased with the change, as he is getting good service and declares that his work is being done in a more up-to-date and substantial manner than on the old scale.

The carpenters and joiners here are strongly organized. Both white and colored mechanics have strong unions. Of the white union there are twenty-four members, while the colored union has a membership of about forty, which includes every colored carpenter in the city. There are about twenty white carpenters who are not in the union, but they are sending in their names at every meeting. The chances are that by the time the resolution goes into effect ninety-five per cent of the mechanics of the city will be full-fledged union men.

## AN EXCITING EXPERIENCE.

**Mr. and Mrs. W. S. Dorsey and Child in Railroad Wreck.**

Mr. and Mrs. W. S. Dorsey and child, who are spending a short while with relatives in Kentucky, have passed through an experience which the elder Dorseys will probably remember for a long time, as it was a most exciting one.

Tom Dorsey received a card from his brother Wednesday bearing information that they had been in a wreck upon some railroad in Kentucky which proved disastrous to property and passengers. No particulars were given, and it is not known just where or upon what road the accident occurred. Mr. Dorsey adds that both himself and wife were terribly shaken up, and that the clothing was torn almost from the latter. They were not injured, however, which will be gratifying news to their friends here.

Mr. and Mrs. Dorsey are expected home within the next two or three days. Aside from this experience, their visit has been a delightful and beneficial one.

**Rebekahs, Attention.**

Colfax Rebekah Lodge will hold its regular meeting tonight at 8 o'clock in Masonic Hall. A full attendance is requested as there will be election of officers. GERTRUDE CUSHMAN, N. G.

# ALL SICK WOMEN

## SHOULD READ MRS. FOX'S LETTER

**In All Parts of the United States Lydia E. Pinkham's Vegetable Compound Has Effected Similar Cures.**

Many wonderful cures of female ills are continually coming to light which have been brought about by Lydia E. Pinkham's Vegetable Compound, and

through the advice of Mrs. Pinkham, of Lynn, Mass., which is given to sick women absolutely free of charge.

Mrs. Pinkham has for many years made a study of the ills of her sex; she has consulted with and advised thousands of suffering women, who to-day owe not only their health but even life to her helpful advice.

Mrs. Fannie D. Fox, of 7 Chestnut Street, Bradford, Pa., writes:

Dear Mrs. Pinkham:—

"I suffered for a long time with womb trouble, and finally was told by my physician that I had a tumor on the womb. I did not want to submit to an operation, so wrote you for advice. I received your letter and did as you told me, and to-day I am completely cured. My doctor says the tumor has disappeared, and I am once more a well woman. I believe Lydia E. Pinkham's Vegetable Compound is the best medicine in the world for women."

The testimonials which we are constantly publishing from grateful women establish beyond a doubt the power of Lydia E. Pinkham's Vegetable Compound to conquer female diseases.

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. She asks nothing in return for her advice. It is absolutely free, and to thousands of women has proved to be more precious than gold.

## COMPLIMENT TO SMITH.

**National Photographers' Organ Gives Space to His Productions.**

The Sun has always told its readers that in the person of James F. Smith the people of Gainesville and this section had one of the best photographers and artists in the South, and this statement has been verified by The Photographer, a publication of New York, which is one of the leading journals of the world in photography.

In a recent issue of The Photographer some of the work of Mr. Smith was illustrated in half-tone reproduction. Among these was the picture of Master John, the little son of Mr. and Mrs. John Chesnut. In commenting upon this work the editor of The Photographer states that it is perfect in every way and a credit to the maker.

This is indeed a compliment not only to Mr. Smith but to Gainesville as well, as specimens are collected from every State in the Union, and only the most perfect are used in illustrating.

**Acute Rheumatism.**

Deep tearing or wrenching pains, occasioned by getting wet through, worse when at rest, or on first moving the limbs, and in cold or damp weather, is cured quickly by Ballard's Snow Liniment. Oscar Oleson, Gibson City, Ill., writes, Feb. 16, 1902: "A year ago I was troubled with a pain in my back. It soon got so bad I could not bend over. One bottle of Ballard's Snow Liniment cured me." Sold by W. M. Johnson.

**Judge Mason's Court.**

His Honor Judge H. G. Mason was a busy official Thursday. The case of Pickett vs. D. J. Richbourg, replevin of a horse, came up for hearing. On account of the absence of witnesses, the case was continued until July 13. Attorney Christopher Matheson appeared for the plaintiff, while Attorney B. A. Thrasher represented the defendant.

In the case of T. R. Pickett & Son vs. W. M. Davidson, removal of tenant, motion for a new trial was argued, at the conclusion of which the motion was denied. Attorney J. M. Rivers represented the plaintiffs, while Attorney Thrasher argued for the defendant.

## A ROMANTIC MARRIAGE

**Will Transpire in Tampa, When Mr. Callahan Will Wed Miss Smith.**

Orville Callahan of Tampa came up last week after Miss Lizzie Smith, a sweet little Levy county girl, the daughter of Mr. and Mrs. H. M. Smith.

The romantic part of the affair is that Mr. Callahan and Miss Smith will be married in Tampa on July 4, furnishing the chief attraction at a big celebration by the Eagles, of which Mr. Callahan is a member. The Eagles offered $250 in cash and complete house furnishings to any member who would arrange a wedding for the occasion, and Mr. Callahan found a pretty bride in Miss Smith. Congratulations will be in order.—Levy Times-Democrat.

**Cured of Bright's Disease.**

Geo. A. Sherman, Lisbon Red Mills, Lawrence county, N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollum & Co.

**Forged Notes for $100,000.**

Clinton, Mo., June 29.—It is reported but not confirmed that alleged forgeries of notes used by the closed bank of Salmon & Salmon as securities amount to nearly $100,000. Robert Cook, state bank examiner, declined to indicate the amount of the forged notes. "I cannot give the amount," said Mr. Cook. "However, I will say that the Kansas City and St. Louis banks are still amply secured. The Kansas City state bank holds $307,000 worth of securities of the Salmon bank, more than sufficient to cover the loans, even after the straw notes have been deducted from that amount."

**An Immigrant Oreder Home.**

New York, June 29.—Through the operation of the immigration law which prohibits the landing of any alien suffering with trachona and which stipulates that any such alien, if under age, must be sent back in care of a relative or guardian, a woman who, as a matter of kidness, acted as guardian to a Hebrew boy, has been ordered to return with him to Europe. The boy's father lives in America and he arranged with a woman in his home town to bring the son over. She did so, and acted as his guardian on the voyage. His deportation will be the result.

**Arrested for Robing Mails.**

Birmingham, Ala., June 29.—S. F. Bissett, general delivery clerk in the Birmingham postoffice, was arrested on the charge of taking money from the mails and was released on a $1,500 bond. He was caught with bills on his person which had been sent through the mails as a decoy by postoffice inspectors. A peculiar incident in connection with the arrest is the fact that his predecessor, Charles S. Ellis, was arrested a month ago on precisely the same charge and is now out on bond awaiting trial.

**Man's Head Blown Off.**

Hot Springs, Ark., June 28.—W. D. McDowell was instantly killed and his son, John, fatally injured by the explosion of a boiler at the McDowell sawmill, 15 miles west of here. H. G. Moncrief and D. Mathias, mill employes, were seriously injured. The elder McDowell was adjusting the pump, when the boiler blew up with terrific force. McDowells head was blown off and pieces of the boiler and other machinery were blown 100 feet or more. The mill is a complete wreck.

# BOARD OF CONTROL IS NOW ORGANIZED

## N. P. Bryan Elected Chairman, J. G. Kellum Secretary.

### WILL VISIT HERE SATURDAY

**Sites of the Various Schools of the State to be Visited and Advantages Weighed—Joint Session Board of Control and Educational Board.**

Members of the Educational Board of Contral assembled in the board room in the Capitol building, Tallahassee, at 10 o'clock Wednesday morning, and elected Hon. N. P. Bryan of Jacksonville chairman of the board.

Prof. J. G. Kellum of Gainesville, former chief clerk of the House of Representatives, was elected secretary to the board.

The Board of Control then met in joint session with members of the State Board of Education, and considerable work was mapped out.

Delegations from Lake City and Gainesville were ready to appear before the two boards, but a program was mapped out, deferring the hearing of arguments of the consideration of petitions at the present time.

When the boards adjourned the following was promulgated:

Tallahasaee, Fla., on this, the 28th day of June, 1905, the Governor of the State of Florida, having been notified of the organization of the Board of Control and State Board of Education to be held in the executive office.

Those present were as follows:

Constituting the Board of Control—N. P. Bryan, chairman; P. K. Yonge, Nathaniel Adams, T. B. King, A. L. Brown.

Constituting the State Board of Education—N. B. Broward, Governor; W. V. Knott, State Treasurer; W. M. Holloway, State Superintendent; H. Clay Crawford, Secretary of State; W. H. Ellis, Attorney-General.

The joint session organized by the election of Governor Broward as chairman and Miss Mattie Vinson as temporary secretary. Thereupon the chairman, Governor N. B. Broward, stated the object of the meeting to be the determination of the place of location of University of the State of Florida and the Florida Female College, and to prescribe the rules and regulations for the conduct and governance of the same, and the proper management thereof, as well as of the other institutions, to-wit: The Colored Normal School and the Institute for the Blind, Deaf and Dumb, and to determine as to any change as to location of either of said mentioned institutions that may be necessary or required, and to do every other matter or thing that may appear to be necessary and requisite to carry into effect the provisions of the law.

Upon motion it was resolved that the boards shall visit the several locations before selecting the site for the University; that the boards visit the school for the blind, deaf and dumb at St. Augustine, Fla., on Friday, June 30; Gainesville, Fla., on Saturday, July 1; Lake City, Fla., on Monday, July 3, assembling at Tallahassee in the executive office at 10 o'clock Thursday morning, July 6, 1905.

Mr. Ellis read section 21 of the Buckman bill, the law under which we are operating. The following resolution was adopted:

"Be it resolved by the State Board of Education and the Board of Control in joint session: That a summer school for colored teachers be, and the same is hereby established at the Florida State Normal and Industrial School, located at Tallahassee, Fla. The following named persons shall constitute the faculty of said summer school: J. A. Ormand, principal; J. H. Coffee and O. M. Tillman. That said school shall be opened on the 10th day of July."

There being no further business, the joint session of the Board of Control and the State Board of Education adjourned until Thursday of next week, the 6th day of July, at 10 o'clock.

N. B. BROWARD,
Governor, Chairman of Joint Session Board of Control and State Board of Education.

## JUSTICE COLMAN'S COURT.

### Riley Williams Arraigned For Carrying Concealed Weapons.

Riley Williams was arraigned in Justice Colman's court Thursday morning upon a charge of carrying concealed weapons and assessed to pay the usual fine of $100 and costs or spend three months in county prison. Not having the "wherewith" to gain his freedom he will take a few lessons in the turpentine industry at McDonald's camp.

Williams was arrested by Deputy Sheriff L. E. Story at Windsor.

The case of the State vs. Chas. Braddock was called, but continued on account of the absence of witnesses for the defendant. The case will be again called on Thursday of the coming week.

### Ragtime Revenge.

Lydia Jackson, she got mad with Parson Drake—this tale is sad. With a big old ugly butcher knife Lydia tried to end the parson's life. But Parson Drake was "Johnny Wise," and said he'd blacken Lydia's eyes—which he no doubt would have done with vim if Lydia had kept on pesterin' him.

Then Marshal Pinkoson joined the band and upon Miss Jackson laid his hand. "You come with me," remarked the cop; "this trouble now has got to stop."

Before the mayor this woman went, and $10 and cost was what she spent to straighten matters out once more—but Parson Drake still feels quite sore against the woman with the butcher knife who, in her madness, would take his life.

That's all.

### We Might.

The Gainesville Sun quotes a visitor who has spent five winters in that city as saying that in all that time she has never heard "the first bit of gossip or slander from the lips of any of her people." She truly speaks of it as "most remarkable." Would Gainesville folks exchange even heaven for their own city?—Times-Union. We might, but we are in no particular hurry about making the change.

### Cures Old Sores.

Westmoreland, Kans., May 5, 1902. Ballard Snow Liniment Co.: Your Snow Liniment cured an old sore on the side of my chin that was supposed to be a cancer. The sore was stubborn and would not yield to treatment, until I tried Snow Liniment, which did the work in short order. My sister, Mrs. Sophia J. Carson, Allensville, Miffin Co., Pa., has a sore and mistrusts that it is a cancer. Please send her a 50c bottle. Sold by W. M. Johnson.

### Sent Up for Larceny.

Constable J. D. Siford of Newberry was in the city Thursday. He brought J. C. Carter, colored, who was convicted in Justice Henderson's court at Newberry upon a charge of larceny and sentenced to a term of three months in the county gang.

### No Secret About It.

It is no secret that for cuts, burns, ulcers, fever sores, sore eyes, boils, etc., nothing is so effective as Bucklen's Arnica Slave. "It didn't take long to cure a bad sore I had, and it is all O. K. for sore eyes," writes D. L. Gregory of Hope, Tex. 25c at all drug stores.

## STREETS BEING REPAIRED.

### Depressions Being Filled and Other Improvements Being Made.

Marshal Pinkoson has had a gang at work for the past two days cleaning and repairing the streets. A number of depressions on West Main street which have been made disagreeable on account of the recent rains, have been filled in, and the gutter on East Union street has been cleared of the unsightly mud and rubbish. The streets now present a more respectable appearance.

Marshal Pinkoson proposes to prosecute this work under the direction of the street committee until all thoroughfares are thoroughly cleaned.

### Card of Thanks.

Mrs. Elizabeth Pinkoson desires to extend through The Sun her sincere appreciation and thanks for the many kindnesses extended by friends during the recent illness and death of her grandmother, Mrs. E. Margaret Marshall, and begs to assure them that these kindnesses shall never be forgotten.

### Will Cure Consumption.

A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." You never heard of anyone using Foley's Honey and Tar and not being satisfied. J. W. McCollum & Co.

### Panama Port Quarantined.

New York, June 29.—The quantine against Laboca, three miles from Colon, because of a bubonic plague case there has temporarily stopped freight traffic by one of the steamship lines between New York and Panama. Unless other cases appear at Laboca, where the Panama freight is transferred, the quarantine will be lifted July 9. The embargo does not affect direct shipments to Colon nor hinder the transportation of government supplies for the canal zone.

### Guilty of Peonage.

Montgomery, Ala., June 29.—The first case of a white man holding a white man in a state of peonage was concluded in the United States court yesterday. John B. Bowdoin, a farmer of Coffee, receiving a penalty of a year in jail for holding Ramon Rhodes, a young white boy, and forcing him to work without pay. This was a hard fought cause, to refute the charge that it was only those holding negroes who were vigorously prosecuted.

### Yacht Week Is Ending.

Kiel, Germany, June 29—The yachting week is ending with cold, stormy and rainy weather. The Empress arrived here today to cruise with Emperor William on the Hohenzollern down the coast. Most of the American yachts will make their way leisurely to the Isle of Wight.

### Improving.

"Is your son improving much with the violin?"

"Oh, yes! We can now tell whether he's tuning or playing!"

The Twentieth Century Limited train of the New York Central and Lake Shore Railways will continue to make the schedule time of 18 hours between New York and Chicago. It has been decided that the recent accident was not caused by the speed of the train.

Two Georgia farmers were passing through a lane in opposite directions with their wagons, and it was so narrow they locked wheels. As they were both stopped suddenly they whipped out their revolvers and commenced firing at each other. Both men are now in no condition to take soup. Make the lanes wider.

The Board of Control, which has the matter of locating the State schools under consideration, will make a tour of the various cities of Florida, before settling on a location. The sentiment of the people seems to keep up for Gainesville, and the fair manner in which the arguments for this city have been put forth cannot help but have a bearing on the question. The health of a community can be only correctly ascertained by the reports to the State Board of Health, and there have been no false statements regarding this city. In health, as in every other respect, the past record of Gainesville is one to be proud of. Search the records and see if aught can be said to injure her standing in any way. We are open for investigation.

## THE NEW PLANET.

"It is almost as inconceivable that the United States should remain in that ideal isolation as that some vast planet suddenly introduced into the system should not have its perturbing influence on other planets."

These words, spoken by Premier Balfour at the dinner to Ambassador Reid, present a striking but truthful picture of the position of the United States in the world, says The Wall Street Journal. We are a new planet suddenly appearing in the firmament of international politics and commerce. It is not surprising that our appearance has caused a commotion among the other "planets," and that many telescopes are directed toward us and many political astronomers are endeavoring to discover what we are made of and what our exact orbit is.

The truth of what Mr. Balfour says cannot be disputed, and yet his words are calculated to provoke discussion. The fact is that we are almost as startled by our growth into one of the world "planets" or powers as the people of Europe are. This introduces as difficult a problem for us as it does for England, Germany or France.

The international policy of the United States has been isolation. We have left other nations to do as they pleased, and have attended strictly to our own affairs. But whether we like it or not, we are forced to abandon that policy. We have been obliged to take our place in "the solar system" of world politics as a planet of the first magnitude. Already we have confessed our new relations to the world in signal ways. The last and most notable exercise of our enlarged influence was President Roosevelt's intervention between Russia and Japan for peace.

Mr. Balfour's words are interpreted as a bid for an Anglo-American alliance. Is it necessary that we should go into anything of that kind? Cannot the United States the better promote her own interests and those of the whole world by a policy of absolute impartiality toward all nations, treating all alike? We do not need an alliance for our protection. This question may soon become a vital one, for in the policing of the Pacific we may be asked "to take sides."

## FOR A CITY BEAUTIFUL.

The mayor of Denver, Col., took a step in the right direction when he issued a proclamation naming a "clean-up-day," upon which he asked the people to give heed to the following:

"If your store front, residence or fence is dull or dingy, order it painted.

"If your awning is old, torn or faded, get a new one.

If your sidewalk, fence or gate needs repairing, fix it.

"Destroy the young weeds that are starting on your property and on your neighbor's property.

"If your advertising sign is old or faded, take it down or paint it.

"Resolve never to throw paper in the streets.

"Take all dandelions out of your lawn—they spoil its beauty.

"Burn all the rubbish possible—allow no one to throw it on the streets, alleys or vacant lots.

"Promise not to spit on the sidewalk.

"Organize a block improvement society, and allow no weeds to grow on sidewalk, area or vacant property in your block.

"Ask your milkman, groceryman and expressman to have their wagons painted.

"Irrespective of the size of your house, make your lawn the finest.

"Illuminate the front of your store in the business section.

"Every effort put forth or dollar spent to improve our city's appearance will be returned two fold."

These suggestions for beautifying the city of Denver apply with equal force to any city in the country and if consistently followed would result in much benefit from every standpoint. It would not injure any city to take into consideration many of them if not all. By doing these things the city of Gainesville can be made as handsome as any in the South.

Again has Columbia Post No. 708, G. A. R., of Chicago, paid tribute to Gen. Stephen D. Lee of Vicksburg, Miss., commander of the Confederate Veterans of the South, with a camp fire. All the Confederate organizations of the city joined in the event. The feature of the bivouac was the appeal by this gallant Southern soldier for the return of the tattered flags and banners that adorn the G. A. R. trophy rooms to the men from whom they were won during the struggle of the sixties. In regard to the recent action of Congress in providing for the return of the flags now in the war office at Washington to the Confederate soldiers, Gen. Lee said: "I am glad the wound has healed so that the flags can be returned before those who loved them and bled for them are all under the sod."

## NEWS TERSELY TOLD.

### THE MOST IMPORTANT EVENTS

Transpiring in "The Land of Flowers." Things "Boiled Down" to Suit the Busy Reader—Items of Interest to All Classes.

Pears are now being shipped from Sorrento, Lake county.

A Beaver Dam was built at Ocala last night, amid much enthusiasm.

Otter Creek invites the people to join them in their 4th of July celebration.

Pensacola will open the new Bayview Park with a grand celebration on July 4th.

Eustis merchants feasted on a 65-pound watermelon the other day, and they claim that section leads on fine melons.

The Metropolis says that Jacksonville don't want the State University, but it does want a new and more substantial jail.

The Plant City brick factory is all ready for business, as soon as the railroad completes the sidetrack to haul away the product.

The auto race program to be given on the 4th of July at the Pablo-Atlantic Beach course will be of unusual interest. There will be 15 events.

Senator Telfair Stockton of Jacksonville was injured in a wreck on the Southern Railway at Springfield, Va. He received a cut on the leg and hand.

During a thunder storm the electric lighting plant at Plant City received more electricity than it could handle and was put out of commission.

John Davis, while riding in the woods near Gulf Hammock, killed a rattlesnake that measured 13 feet 7½ inches. It had 36 rattles and a button. It beat the record.

The Wilder brothers, who were held for the murder of Oscar A. Brannen at Plant City, have been discharged, but their bail still holds, pending the grand jury investigation.

Frank Crook is the suggestive name of a colored man who is in jail at Tampa, charged with stealing a trunk from the Coast Line depot, the contents of which were valued at $1,400.

The people of Miami have raised the sum of $1,500 to offer as a reward for the apprehension of the murderers of C. E. Davis and his daughter. The State will probably give $250.

Col. Zach Chambliss, says The Ocala Star, had 160 acres of melons, from which he shipped 77 cars, receiving for the first car $240, the prices then dropping until $65 was the lowest for a car, all spot cash on the track.

The Mid-Winter Fair at Tampa has decided finally on the dates, which will be November 15th to 30th. The press agent is sending out a large amount of advertising, but some of the State papers claim they have no contract with him.

A very distressing drowning accident occurred in Pensacola Tuesday afternoon. Three children of Mr. and Mrs. Thomas Suarez were drowned in Bayou Chico, in the eastern portion of the city, while bathing. The oldest of the children was a girl of 14 years, the youngest six.

The Times-Democrat says that it is pretty generally conceded that the people of Levy county do not want any further increase in taxes for school purposes. The prodigality of the last Legislature will call for several mills increase of State taxes and any additional increase would not be welcome.

Wiley W. Lee of Oviedo, Orange county, committed suicide in his room in the Erickson Hotel, Jacksonville, on Johnson street, Tuesday afternoon. Lee swallowed a quarter of an ounce of morphine, and before he took the deadly drug he wrote three letters, showing that he had planned to take his own life. He leaves a wife and three children. Financial ruin the cause. There was a woman with him at the hotel.

### Dying of Famine

Is, in its torments, like dying of consumption. The progress of consumption, from the beginning to the very end, is a long torture, both to victim and friends. "When I had consumption in its first stage," writes Wm. Myers of Cearfoss, Md., "after trying different medicines and a good doctor, in vain, I at last took Dr. King's New Discovery, which quickly and perfectly cured me." Prompt relief and sure cure for coughs, colds, sore throat, bronchitis, etc. Positively prevents pneumonia. Guaranteed at all drug stores. Price 50c and $1 a bottle. Trial bottle free.

### HUSBAND'S MONEY TAINTED.

**Wife Refused to Live With Spouse Because He Followed Races.**

New York, June 29.—A new angle has been given to the discussion of "tainted money" by Mrs. William Connell, of Staten Island. Before supreme court justice, Kelly, in Brooklyn, in response to habeas corpus proceedings, by the husband, who wished to obtain the custody of his child, Rena, Mrs. Connell declared she would never live with her spouse so long as he continued to obtain money, as she put it, by gambling.

Her husband was a good man, and won heavily at the race track, she said, but it was against her religious training to use funds so obtained, and although Connell left large sums lying about on tables and in drawers for her, she refused to touch it and had returned to her parents taking along the children.

Justice Kelly advised the woman to return to her husband, the latter having declared to the court that he was in receipt of a regular income, but the woman refused and the writ was dismissed.

### A Thousand Dollars' Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thornes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. J. W. McCollum & Co.

### Preferred Death to a Trial.

Manistee, Mich., June 29.—While the wife of Herman Totch, of Parkdale, was sick in bed he drove here and bought a coffin for her. She died later, leaving six small children motherless. Totch was arrested and jailed here, and was found hanging to the door of the cell, having used a towel to end his life. His children are left destitute.

### If the Baby is Cutting Teeth

Be sure and use that old and well-tried remedy, Mrs. Winslow's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents a bottle.

### SPECIAL RATE TO BUFFALO.

**Via Seaboard Air Line Account Session of B. P. O. E.**

The Seaboard Air Line Railway has been designated by the Florida Elks' Association as their official route from Florida to the Grand Lodge Session at Buffalo. It is the desire to operate a Florida Elks' special train to leave Tampa at 8 p. m. July 8th, and Jacksonville at 9 a. m. July 9th. The train to consist of dining, baggage car and drawing room Pullman sleepers through to Buffalo without change. The route of travel will be via Seaboard to Richmond, passing through Savannah, Columbia, Camden and Raleigh; R. F. & P. to Washington, and Penn. R. R. Washington to Buffalo. Only seventy-five passengers are required to secure this special train service.

Round-trip rates to Buffalo and return from Gainesville, $34 95.

Passengers from Miami and Key West will re-purchase at Jacksonville.

Through Pullman sleepers for Buffalo will positively leave Tampa at 8 p. m. July 8th and Jacksonville 9 a. m., July 9th for the Elks and their friends. Secure your Pullman sleeping car space now.

Tickets on sale at rates named for all trains July 8th, 9th and 10th, but in order to reach Buffalo for the opening session ask for sleeping car reservation on the Florida Elks' Special.

A day in Washington sight-seeing and visiting the government buildings has been arranged.

Stop-overs of ten days, within final limit on all extended tickets, has been arranged on the return trip at Philadelphia, Baltimore and Washington.

A trip to New York can be taken in conveniently on side-trip rates of $4. Philadelphia to New York and return, good six days.

The Florida delegation will be personally conducted by James F. Taylor, traveling passenger agent of the Seaboard, Tampa, Fla.

For sleeper reservations or other information write S. C. Boylston, Jr., passenger agent, or A. O. MacDonell, assistant general passenger agent, Jacksonville, Fla.

### Stimulation Without Irritation.

In case of stomach and liver trouble the proper treatment is to stimulate these organs without irritating them. Orino Laxative Fruit Syrup aids digestion and stimulates the liver and bowels without irritating these organs like pills or ordinary cathartics. It does not nauseate or gripe and is mild and pleasant to take. J. W. McCollum & Company.

### To Tunnel Under River.

Washington, June 29—Acting Secretary of War Oliver today approved the application of the New York and Long Island Railroad company for permission to construct a tunnel from the foot of Forty-Second street across the river to the foot of Fifth street, Long Island City. Either one tunnel will be two tracks, or two tunnels with one track each, is permitted under the authorization. Permission also was given to sink a shaft at Man-o'-War reef at the southern end of the Blackwells island.

### THE POWER OF STEAM.

**Many May See But It Takes Genius to Realize.**

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

## LITTLE GIRLS SAVE PREACHER.

**From the Hands of Angry Mob of Arkansas Men and Women.**

Cass, Ark., June 29.—Rev. J. L. Gray, a Methodist minister of Pottsville, was saved from rough treatment at the hands of a mob only by several little girls, who clung close to him as he left a school house before which nearly a score of men had gathered intent upon seizing the preacher.

Gray had been warned to preach no more at Cass, but disregarding the injunction he rode into the town last evening accompanied by his small daughter. He was in the midst of a sermon, delivered at the school house before a congregation composed mainly of women and children when the mob appeared before the building.

The minister immediately left the pulpit and started for the door. A number of little girls, fearful for his safety grasped his coat and clung close to his side until the minister had made his way through the mob and escaped in the darkness. The presence of the children, it is thought, restrained the mob. Gray was not pursued and left town this morning.

## ROBBERS MAKE BIG HAUL.

**A Chicago Resort is Entered by Two Masked Men.**

Chicago, June 29.—Three armed men held up and robbed the people in a resort kept by Victoria Shaw in Dearborn street early today. There were many persons in the place and the robbers escaped with jewelry and money to the amount of $5,000.

Each of the men carried two revolvers. There were five cabmen waiting outside and one of the three attended to them while the other two went inside. Within the place were 15 women and 10 men. The two robbers went through the place, driving the inmates before them.

They lined them up together in a room on the second floor, with their hands in the air. After robbing them they locked them in the room, and breaking the telephone wires, ran from the place. The two were joined by their companion in the street and the three disappeared in an alley.

### Three Children Drowned.

Pensacola, Fla., June 29—Three children of Thomas Suarez, living near Bayou Chico, were drowned. The oldest was a girl of 14, the youngest a boy of 6, and the other a girl slightly older than the boy. They went to the bayou to go in bathing. When they did not return when expected, their mother went in search of them. She found their clothes on the bank. Neighbors were notified and a search was begun, and about 9 o'clock, in dragging the bayou, they found the body of the oldest girl. Searching parties are still dragging the bayou for the other two bodies.

### Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease as that of C. F. Collier of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache, and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach." Guaranteed by all druggists; price 50c.

### Pope May Leave Vatican.

Rome, June 29.—The Messaggero today says that if the pope decides to leave the vatican during the week, he is most likely to go to the famous Benedictine Abbey of Monte Cassino, Province of Caserta, Italy, and thus will be the guest of Rev. Father Boniface Krug, formerly of St. Vincent's arch-abbey, Beatty Penna, who is abbott of Monte Cassino. When he was patriarch of Venice the pope promised to visit Monte Cassino the first time he came to Rome, and he intended to go there after the conclave, but as he was elected pope, he could not carry out his plan. However, twice since then the pontiff has renewed his promise to visit Monte Cassino.

### That Tired Feeling.

If you are languid, depressed, incapable for work, it indicates that your liver is out of order. Herbine will assist nature to throw off headaches, rheumatism and ailments akin to nervousness and restore the energies and vitality of sound and perfect health. J. J. Hubbard, Temple, Texas, writes: "I have used Herbine for the past two years. It has done me more good than all the doctors. It is the best medicine ever made for chills and fever." 50c. Sold by W. M. ## A PRIMITIVE SPOT.

**Virginia's Peculiar and Isolated Island of Tangier.**

In Chesapeake bay, 125 miles south of Baltimore, with which city communication by boat three times a week may be depended upon during the summer season, is the strange island of Tangier, so completely isolated from the usual lines of travel that it hardly seems possible that it can be a part of the state of Virginia. * * * Imagine, if you can, an island about five miles long and three-fourths of a mile in width, with a population of nearly 1,500, where each house is connected with Chesapeake bay by a tiny canal; an island where the population has built homes along one narrow street but nine feet in width, without sidewalks, roadbed or gutter; an island where the women go about with bare feet and calico gowns during the week and where the men leave for their work at an early hour on Monday morning and remain away until Saturday afternoon; an island where intoxicating liquors are not sold, where billiard rooms and pool rooms are unknown; an island where one physician and the minister constitute the professional class; an island where profanity is punished by fine; an island without a jail or lockup and where religion is the rule and to be outside of the church is to be outside of the pale of the best society; an island where public cemeteries are unknown and where the dead of each home are buried in the front yard. If you can imagine all this, you may have some faint idea of the peculiar surroundings of the inhabitants of Tangier.—Four Track News.

## ARROW CANYON.

**Odd Way In Which Its Walls Were Decorated by Indians.**

Thousands of arrows shot by bands of Indians for possibly centuries protrude from a fissure several hundred feet long in the rocky walls of Arrow canyon, about twenty miles from the crossing of the Salt Lake railroad over the Moapoa river, says the Los Angeles Times.

At a point where the perpendicular wall of the canyon juts out about 200 feet above the canyon bed a thin, snakelike fissure runs in the rock. Successive generations of Indians have gone to the place at regular intervals and shot their gayly befeathered arrows upward, forming a fringed scarf unique in its oddity. The arrows are so thick that little room is left for more, and owing to the position of the fissure at a height of 200 feet and under the shelving wall the relics, protected from the weather, have stuck where they were driven in uncounted years ago.

Already relic hunters are visiting the place and despoiling it of its treasures by shooting the arrows out with revolvers and rifles. In the sands of the bed of the canyon many arrowheads of various sizes and shapes are found buried. It is believed that the Indians visited this spot in connection with some rite. Crude, strange figures have been cut by them in the face of the rock walls.

### The Last American King.

Maximilian and his followers were shut up in Querataro. Many powerful influences were at work to save him. Seward also did his best. But he made little or no effort to escape. If he had failed as an emperor he could at least face disaster with the courage and the dignity of a right princely nature. Betrayed by the infamous Lopez, tried before a court martial of boys and ordered to be shot, he spent his last days in the discharge of all the obligations of friendship and courtesy. A false report of the death of Carlotta being brought to him in prison he said simply, "One less tie to bind me to the world!" Led forth to his execution and told to stand between two of his generals who were likewise condemned, he surrendered the place of honor to General Miramon in recognition of his courage. The rattle of the muskets marked perhaps the end of all monarchy in the new world. But the bitterest critic of democracy could scarcely desire a gentler figure than Maximilian's to stand before the eyes of Americans as the last representative of aristocracy and of kingship on this continent.—William Garrott in Atlantic.

### Tax on Babies.

Extreme hot weather is a great tax upon the digestive power of babies. When puny and feeble they should be given a few doses of White's Cream Vermifuge, the children's tonic. It will stimulate and facilitate the digestion of their food, so that they soon become strong, healthy and active. Sold by W. M. Johnson.

## ALIAN GARDENS.

**..., Cypress and the Orange ... Mingle Their Foliage.**

... nothing about Italian gar... rikes us as so wonderful as the ...alks, or pergolas, where nature ... so absolutely docile to the hand ...an. The desire is to make a dense ...de—a retreat where one can shut ... the hot sun—and to create this trees ... a great many different sorts have been planted close together and their branches so carefully interwoven that they form a complete trellis on the two sides and above, so that cedar, cypress, orange and lemon trees mingle their foliage, all seeming to be lighted up by the pale golden globes of the fruit. With us the merest twigs of such trees would be supposed to have a stubborn individuality, rendering it impossible to train them to take the place of vines. In Italy for centuries everything has been done to create a grateful shade at noon, where one can rest or sleep and leave the world outside to the cicadas, that, when thousands of them take ...ce together at once, make rather a ...thing sound. Along the terraces of ... Villa Carlotta, on the lake of ...o, these covered arbor walks lead ... groves of ilexes, and there until ... summer out of the silence and ... the nightingales sing not only ... but all day long.

... of the lavish beauty of the ... impression that remains after ... travel in Italy is of the in... living very close to nature, ... coordinating her operations ... needs. Nature is so prun... ed, her least effort so press... service of man. The plumy ... it is true, have nothing to do ... stand sentinel by the belvidere ter...; so with the ilexes. But the poplars are trimmed to flagpoles for the sake of fagots, and every leaf of the mulberry trees, across which the vines fling their festoons and garlands, is destined to feed the silkworms, and as soon as the maggots are ready to eat, the peasants, with huge bags, mount the trees and strip each branch of its foliage. The olive orchards that make a silver mist on the hillsides are busy perfecting their useful harvest.

Wherever a ledge of rock offers an Italian peasant makes a garden, carrying up the soil sometimes into almost inaccessible places. But there he will plant leeks, herbs, salad and beans, besides a patch of wheat, the latter not for the half loaf of bread it might make, but to furnish straw to plait hats in winter.

Nature is no niggard. The little red poppies blossom out of every cranny and chink and make a blaze of color in the most unexpected places. Oleanders have a way of tossing their tufts of rosy blossoms along the white walls, Bengal roses, clove pinks, carnations and larkspurs grow wherever they can be tended and a little rill of water directed to their use, but the summer of Italy is of great heat, and after the great gush of flowers in spring the vaunted Italian gardens remain dry intersections of graveled paths with clipped hedges, flights of steps, urns and statues. Nothing can be dearer to artistic taste, but for the real joy of gardening nothing can be equal to what the poet Gray called having "a garden of your own, where you plant and transplant and are dirty and amused."—Philadelphia Ledger.

## THE VOICE THAT LIES.

**Court Stenographers It Is Said, Can Always Detect It.**

"Any shorthand reporter who has been doing court reporting for a long time can tell almost infallibly by his sense of hearing whether a witness is telling the truth," said an old court stenographer the other day. "It comes from experience combined with abnormal development of the sense of hearing which all first rate court and parliamentary stenographers possess. The stenographer's ears become as sensitive to the slightest inflexions and intonations of the human voice as a phonograph roller. There's a certain tremulous quaver in the tone of a man or woman who's lying in court that the stenographer catches when the shrewdest judges, lawyers or jurors quite fail to catch it.

"When he's got his head bent over his notebook he feels the jarring false note in the voice of the liar every time, no matter how plausible and convincing the testimony in itself may sound. So frequently have I tested this idea in the past fifteen years or so that I have come to accept it as certain when that almost indistinguishable false tremolo is absent from the tone of a witness' voice that the witness is telling the truth.

"A few years ago I reported the trial of a young chap who was accused of having sand clubbed a jeweler in his store and of looting the establishment. The young fellow was good looking, intelligent, with a face as frank as an eight day clock and an easy, candid, winning manner.

"I looked the young chap over before the trial began, and I decided that the accusation against him was outrageous. When the witnesses testified that they'd seen him coming out of the store I strained my ears to catch the false intonation in their tones, but it wasn't there.

"When the defense opened the young man was permitted to go on the stand in his own behalf. I was astonished to find that his voice had the lying quaver in it right from the beginning of his statement.

"His words vastly impressed the jury and as vastly chagrined the prosecution. He undertook to prove an alibi for himself.

"In corroboration of this a married sister testified that her brother had been at her apartment from 3 o'clock in the afternoon until 10 o'clock at night, taking dinner with her and keeping her company in the absence of her husband. Well, she was lying too. She had that telltale false ring in her voice that convinced me of it despite her fine, frank face and her obvious respectability.

"The court adjourned for luncheon at the end of her testimony. I took luncheon with the attorney for the prosecution.

"'Well, what do you think of this case?' he asked me when we sat down. 'I guess we don't land him, eh?'

"'He's guilty,' I replied briefly. 'He was lying, and so was his sister.'

"The attorney for the prosecution looked me over out of the slits of his eyes, but I didn't say any more.

"When the court reconvened he asked for an adjournment until next day, and the judge granted it.

"On the following morning he had in court the janitor of the apartment house in which the prisoner's sister lived. The janitor testified that the prisoner's sister had not been in her flat from noon until late at night on the day of the sand clubbing.

"While the janitor was on the stand a detective walked into the courtroom with the loot from the jewelry shop. He had found it in a satchel in the prisoner's sister's apartment that morning.

"That settled the case, of course. The prisoner's sister broke down and confessed that she had been endeavoring to shield her brother."—St. Louis Globe-Democrat.

**Women Who Secretly Work For Pay.**

"If you will kindly give me the address of the artist who painted my dinner cards I shall be able to give her more work," said a society woman to a Twenty-third street stationer.

"I am not at liberty to do so, madam," replied the stationer. "But if you will leave your instructions in writing I will see that they are strictly followed."

"But I want her to carry out some ideas of my own on lamp shades," protested the customer.

"I am sorry," said the stationer, "but we cannot depart from our rule. Much of this work is done by women who would not like to have it known that they work for pay and who have pledged us not to divulge their names. If we broke faith we should lose their services. Some of our best decorative work is done by convent bred girls who find it necessary to earn a little money to get along. We respect their confidence."—New York Press.

**Not So Wonderful.**

Tourist (in retired village)—So that's the oldest inhabitant? One hundred and four years old? No wonder you're proud of him. Native—I dunno. He ain't done nothin' in this yer place 'cept grow old, and it's took him a sight o' time to do that.

## SECRETARY SEWARD.

**His Influence Upon the Foreign Policy of This Country.**

The importance of Secretary Seward's influence in the domestic affairs of the United States during Johnson's administration has probably been exaggerated, but it would be hard to exaggerate the importance of what he achieved and of what he initiated in his own proper field of diplomacy. His chief, occupied as he was with fierce controversies over other subjects, found, we may well suppose, but little time for foreign relations. He does not appear to have interfered with policies which were already adopted or to have initiated any new policies of his own. Seward must therefore be held responsible to a degree somewhat unusual for the conduct of the delicate negotiations, involving very far reaching consequences, which the war gave rise to. It was he who first presented America to Europe in that attitude of conscious strength which the thorough establishment of our nationality at last enabled us to take. It was he who reasserted effectively, yet without any arrogance, our traditional stand in reference to the Latin republics to the south of us. It was he who, facing westward, accomplished an expansion of our system into a region never contemplated until his day by those who guided our destinies and turned our thoughts upon the shores of the Pacific as a field for American trade and American influence.—William Garrott Brown in Atlantic.

**The Pole Star.**

We will try to give you some idea of the distance that separates us from the pole star. As you know, light travels at the rate of about 186,000 miles a second—more than seven times round the earth while you are saying "John Robinson" slowly. Well, suppose that a ray of light, traveling at this terrific speed of a million miles in less than five and a half seconds, had started from the polar star on its journey to the earth at the moment of your birth that particular ray will not reach you until you are more than halfway between your thirty-sixth and thirty-seventh birthdays. When you look on the pole star you see it not as it is today, but as it was about fifty years ago.

**An Australian Treat.**

A treat in an Australian wilderness camp is thus described by an explorer: "On our way down, of course, it was necessary to stop at McLeod's camp to get something to clear the bronchial tubes. There was one great Scotchman among the party, who said, when I asked him what his poison was, 'Weel, I'll just take a tin of fruit.' He had a tin of pineapple. Now, the price of preserved fruit at that time and in such a place was something to make you sit up, so that Scotchman scored."

**The Brass Band.**

"George!"

"Yes, dear?"

"Before we were married you once asked me if I enjoyed a brass band."

"Y-yes, perhaps I did."

"You did. And I said yes. But it seems I misunderstood you, George. My wedding ring is making a black mark on my finger."

"! ! !"—Cleveland Leader.

Mrs. H. G Rembert, nee Miss Alma McCook, has returned to her home at Lennon, after a brief but pleasant visit to her mother, Mrs. Garrett, in this city.

Mrs. S. J. Thomas and son Mark Fraser have returned from Worthington Springs, where they have been recuperating for the past few weeks. Friends are glad to welcome them home again.

Mrs. B. R. Colson and daughter have returned from Bartow, where they have been visiting the former's parents, Mr. and Mrs. Bowers. They were accompanied by Mrs. Colson's sister, Miss Lyde Bowers, who will be her guest for the next few days.

W. B. Higdon of the Mutual Life Insurance Company of New York has returned from a trip through South Florida in the interest of his company. He reports a good business and declares South Florida was never in a more flourishing condition.

Mrs. H. T. Seeville, after spending the past few months as the guest of Mrs. M. E. Dorman, North Gainesville, has returned to her home in Illinois. She is greatly pleased with Florida in general and Gainesville in particular, and expressed a determination to return again next winter.

Mr. and Mrs. L. H. Bennett expect to make their departure today for Lancaster and Darlington, S. C., where they will visit relatives for the next few weeks. This will be the first visit of Mr. Bennett to Lancaster, his old home, in forty years, and it is needless to add that, although he may not recognize every person he meets upon the streets, the visit will prove most enjoyable.

An opportunity such as the people of Gainesville do not meet every day is soon to be offered them in the professional visit to our city of the well-known eye and nerve specialist, Dr. E. H. Armstrong of Jacksonville, who is to be at the Brown House June 30 and July 1. If you have any eye or systematic troubles, this opportunity should not be missed of consulting with one of the foremost men in his profession.

If you want a cheap trip to a delightful country, take advantage of the excursion over the Seaboard Air Line to Savannah and Columbia on July 3. Fare to Savannah, round trip, $5.50; to Columbia and return, only $7.50. Tickets good returning July 13. Special train from Jacksonville. Tickets to be sold on regular trains leaving Gainesville for Jacksonville July 3. For further particulars see E. C. Cobb, ticket agent. 2t

B. F. Camp of White Springs, member of the firm of the R. J. & B. F. Camp Company, manufacturers of lumber, was registered at the Brown House yesterday. It will be remembered that the plant of this firm, which was one of the largest and most modern in the State, was destroyed by fire a few months ago. The plant has been rebuilt, however, and is now in fine running order. While the mill has not the capacity of the former plant, it is modern in every respect.

H. E. Taylor, A. M. Cushman, I. E. Webster, Robert McClellan and W. L. Hill returned to this city yesterday from Valdosta, Ga., where on Wednesday night they instituted Malto Commandery No. 16 of Georgia, Knights Templar, with sixteen charter members. These gentlemen state that they were royally entertained by their brothers of the South Georgia Metropolis, who treated them to a banquet at the conclusion of the ceremonies. They were up all night, but have no regrets to make. They were well pleased with their visit.

Mr. W. N. Wilson of Gainesville, a prominent merchant and citizen of that place, passed through Ocala yesterday to look at his fine orange grove on South Lake Weir. Mr. Wilson is an enthusiastic worker for the location of the new State University in his city, and justly so. He said the people of his city, who are a unit in the cause, are satisfied that only two places will be considered—Lake City and Gainesville—and if that is the case we know of no better location by environment and educational atmosphere than the Central City.—Ocala Evening Star

Notice to Water Takers.

The water rents for the quarter ending September 30th, 1905, will be due and payable to T. B. Ellis, collector of revenue, on or before July 10th, 1905. The rules regarding the cutting off of water and turning on the same will be rigidly enforced by recent order of the City Council, if not paid at the proper time. J. M. DELL, City Clerk.
